We're totally giddy with excitement at the fact that our favourite man band are back on the road – with prodigal son Robbie no less – and what better way to welcome them back into our hearts than with this new album? Yes, we've got our hands on a copy of their latest offering – a double-disc set

Newly crowned X Factor judge Gary takes the reins as lead singer on even more tunes this time as the fabulous fivesome prove they're back to their best. We'll happily fork out to buy this updated offering if it means keeping Robbie, Gary, Mark, Jason and Howard together! We love it. ★★★★★
